
Notice of Class Action Lawsuit

If you or a family member owned or leased a Robotic Monkey Butler (home) or Robotic Monkey Assistant (business/industrial) from January 1, 2017 to October 24, 2021 you may be eligible to participate in a Class Action case brought against the manufacturer PML Inc. for reimbursement against any damages, injuries or insults sustained by yourself or household members including dogs (but not cats or birds).

Affected models had a soggy firmware that was knowingly released to the public despite internal warnings and numerous injuries. Robotic Monkey Butlers or Assistants with faulty firmware v106.0045 were often disobedient, belligerent or violent.

To participate in this class action case, please fill out the following information and mail to:
